Relevant Experience

Chris has three years of planning consultancy experience gained in the private sector and one and a half years in the public sector. This has provided him with a broad range of experience, working for a range of different clients. This experience has included the preparation, submission and management of planning and advertisement applications; the preparation of detailed planning appraisals; the submission of development plan representations and the submission of planning appeals.

Project Examples

Chris has worked on projects for a wide range of public and private sector clients - from high street retailers, to developers and investment funds - including Tesco Stores Limited; UNITE Group Plc and Treasury Holdings.

Tesco Stores Limited - planning consultancy work comprising the preparation of planning appraisals, planning applications and applications for advertisement consent to facilitate the introduction of new convenience goods stores across England and Wales.

UNITE Group Plc – provision of planning consultancy work to advise on the LivoCity project. This involves advising on the redevelopment potential of a range of previously developed sites in Central London, for graduate housing.

Treasury Holdings – preparation of a planning and development appraisal, to facilitate the purchase of the prestigious Battersea Power Station site, Wandsworth, London.

Gazeley – facilitation of a planning due diligence exercise, as part of a competitive bidding process, to advise on the purchase of a portfolio of sites owned by Severn Trent Properties.

Cambridgeshire County Council - preparation and submission of a planning application, for the Addenbrookes Hospital Link Road.

Global Urban Research Unit (Newcastle University) - providing advice to the Council on community engagement and the preparation of a scoping document, to inform the production of the Council's Statement of Community Involvement.
