

Elizabeth Stephen BA (Hons), MSc
Senior Historic Buildings Consultant

Professional Qualifications

MSc Historic Conservation, Oxford Brookes and OUDCE, 2006-2007
BA (Hons) Archaeology, Durham University, 2002-2005

Career Profile

2008 - to date Senior Historic Buildings Consultant, CgMs
2006 - 2008 Historic Buildings Consultant, CgMs
2005 - 2006 Assistant Historic Buildings Consultant, CgMs

Relevant Experience

Elizabeth joined the historic buildings team after completing a degree in Archaeology. She has recently completed her Masters in Historic Conservation whilst working at CgMs and has undertaken a range of work involving individual listed buildings and conservation areas to larger projects including wind farms and major development sites. Elizabeth is an Affiliate member of the IHBC and belongs to the SPAB.

Project Examples

Wood Wharf, Tower Hamlets - Major development site in tower hamlets, Environmental Impact Assessment on the impacts on eight different conservation areas and numerous listed buildings and structures.

Carphone Warehouse - Multiple listed building consent applications and negotiations with local planning authorities for buildings taken on by Carphone Warehouse in towns across the country.

16 Bishopric, Horsham - Supporting statement for the change of use of a listed 16th century, partially timber framed building to a restaurant use.

Boughton Conservation Area, Worcester - Conservation Area Appraisal involving research into, and analysis of, the conservation area and production of supporting graphics.

Bradwell Wind Farm, Essex - Support at Public Inquiry for a wind farm on the Essex coast dealing with issues of setting of a Grade I listed chapel.

Hereford House, Kensington and Chelsea - Historic Building Assessment of a 1950s apartment block on a residential square to assess its potential for listing.
