Location

Giffen Street, Lewisham

Services Provided

Archaeology

Date of Completion

February 2010

Key Issues

Site located in an
Archaeological Priority Area

Potential of in-situ remains

Work required in a busy urban
centre of London

CgMs provided an initial desk-based assessment in the pre-application stages of the project to assess the archaeological potential of the site and address any issues arising from the site's location within an Archaeological Priority Area.

After the determination of the planning application CgMs provide a suite of archaeological works to successfully gain the discharge of the planning condition without delaying the development programme.
