Specialist & Independent Advisors to the Property Industry

Greenwich Market

Client

Greenwich Hospital

Location

Greenwich, London

Services Provided

Historic Buildings

Date of Completion

2008/9

Key Issues

Analysis of features, Assessment of interests

CgMs Ltd is working on behalf of Greenwich Hospital who plans to regenerate The Island, Greenwich Town Centre including Greenwich Market. The Hospital which has stewardship of the site, wishes to enhance the unique character and retail diversity of the historic indoor market to enhance the experience of visitors and residents. The overall site is in the World Heritage Site and the market is surrounded by Grade II listed buildings.

CgMs has researched a full and thorough history of the site and is working with the project team to ensure a suitable design which is forward thinking but respectful of the local character and surrounding listed buildings.

CgMs has undertaken a baseline appraisal for the site and has liaised with the architectural design team on suitable development. The team is currently preparing an ES Cultural Heritage chapter to assess the scheme impacts and will be proceeding towards application submission.
